MIDLAND, a brand born in 1959 in a small factory in Kansas City, is today the world leader in the radiocommunication and consumer electronics sector.

A group that today has over 15 European and non-European subsidiaries, between branches and strategic partners, and a distribution in over 90 countries, under the guidance of the Italian Headquarters.

Reggio Emilia is the headquarters of Research and Development that carries out the company mission daily and with great commitment. “Create a world where communicating is simple, fun and available to everybody.”

Design and manufacture with passion products of quality, technologically innovative and that respond to the real need of all of us: to communicate.

A success that has lasted for over 60 years.
